VOLUME CIV.—NO. 221.

ALEXANDRIA, VA., SATURDAY EVENING, SEPTEMBER 26, 1903.

PRICE 2 CENTS.

**Sickness steals more savings than the burglar.** Slowly, coin by coin, the money that has been so hard earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

**\$3,000 FORFEIT** will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 333 Walnut Street, Lorain, Ohio. "It got so bad I had to lay off my work. You advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets.' Am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets regulate the bowels.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

## FEARED ANOTHER BLACK FRIDAY.

Black Friday, when half the institutions of Wall Street failed because the government suspended specie payment, occurred 34 years ago yesterday.

It would have been a very blue Friday yesterday had not the big banking institutions gotten together and supported the stock market. Conditions approaching demoralization prevailed at the opening of the market. The weakness of the Morgan stocks on the day preceding and the enormous liquidation which accompanied it, had caused the gravest apprehension. Those who had believed that the crisis had passed in midsummer again became frightened.

The late conference held in Wall street Wednesday night at Mr. Morgan's office was really to consider ways and means of opening the public's eyes to the true state of affairs. Talking to the public like a Dutch uncle doesn't do any good. Mr. Morgan tried that last spring, when he talked about "undigested securities," and has been sorry for it ever since. He has hit upon a more effective plan—that is, to support the market in weak spots until the public gets over its present pessimism. That is what he did yesterday, and while there were many low points reached again in the general decline which followed the opening, and several vicious bear attacks, which brought more declines after Mr. Morgan had rallied them, Wall street closed the day in a very much more confident spirit than it opened it.

The great trouble has been that a lack of harmony among the big financial interests has up to this time prevented any concerted action among them. Therefore, the two factions in the market decided the other day to forget their differences and unite for mutual protection. That is why Mr. Harriman called upon Mr. Morgan. Wall street believes that he bore a peace message from the Standard Oil interests, who think that things have gone far enough. According to Wall street authorities it looks as though there is going to be a general getting together in the financial district.

The Northern Securities Company is to be the common meeting ground. The Northern Pacific fight of two years ago precipitated the conflict, which has continued ever since.

The coming together of Harriman and Morgan has resulted in the offer made to Judge Grosscup of a large sum of money as retainer to retire from the federal bench and argue the Northern Securities case before the United States Supreme Court. Wall street hears that if Judge Grosscup accepts the offer he will receive one of the largest retainers ever paid in America for his services, and a life position as attorney and counsel for the Morgan-Harriman group of roads. According to Wall street's report Judge Grosscup has been offered \$100,000 and a fat salary thereafter. As the Judge is a poor man—his salary at present is only \$8,000—this offer is a very tempting one.

## PAYMASTER KILLED BY DYNAMITE.

Yesterday afternoon on the Middletown road, about fifteen miles from Washington, Pa., Samuel T. Ferguson, of the Ferguson Construction Company, of Pittsburgh, was murdered, and his secretary, Charles L. Martin, of Cincinnati, was fatally injured. The two men were driving along the road in a buggy, carrying \$8,600 in cash with which to pay off some of their men employed on construction work along the line of the Washakie Railroad, when suddenly an explosion of dynamite in the roadway tore the rig to pieces, killed Ferguson outright, and threw Martin 200 feet, tearing his left arm almost from the socket. It has been learned that two men, supposed to be Poles, placed the dynamite in the road for the purpose of killing Paymaster Ferguson, and had arranged to explode it by means of an electric battery. The watch containing the money is missing. Two suspects are under arrest in the camp of the construction company, near the village. So quickly was everything accomplished that the men who are implicated got away with their booty before they could be overtaken, although the county authorities believe that if the right men are not those under arrest, they will have little difficulty in finding them.

## SUICIDE OF RABBI'S DAUGHTER.

Miss Miller Arnold, aged 32, daughter of Rev. Mr. Arnold, assistant rabbi at the Keneseth Israel Synagogue, in Philadelphia, swallowed the contents of a two-ounce bottle of carbolic acid, while seated at a table in the dining room of the Arnold summer cottage, at Atlantic City, yesterday morning and died an hour later in great agony in the hospital. Melancholia, brought on by the confinement incident to the nursing of an invalid sister, is supposed to have caused the young woman to take her life. The dead woman had always been prominent in charitable work both in

## Don't Lose Your Grip

Gray hairs often stand in the way of advancement for both men and women, socially and in business. Many men are failing to secure good positions just because they look "too old," and no one knows how many women have been disappointed in life because they have failed to preserve that attractiveness which so largely depends on the hair.

## HAY'S HAIR-HEALTH

has been a blessing to thousands. It is a hair food, nourishing the roots, forcing luxuriant growth, covering bald spots, restoring freshness and life, and positively brings back gray hair to its youthful beauty and color. Hay's Hair-Health is not a dye, and its use cannot be detected.
